

# Retail Food Safety Inspection Modernization Grant

Massachusetts Health Departments can apply to receive a grant to cover their transition to the 2013 Food Code and Massachusetts Supplements via the fully digital, mobile retail food safety inspection program FOODCODE-Pro™.

**Accepting applications from November 19 – December 21, 2018**

By utilizing FOODCODE-Pro, Massachusetts Health Departments immediately gain compliance with the state's mandate to utilize 2013 FDA Food Code in their retail food safety inspections. Health Departments also receive many other benefits and savings from the modernization of their retail food safety inspections and practices.

## **The Grant\***

- FOODCODE-Pro License fee for up to 6 months (SMB or Enterprise programs)
- Initial set up of FOODCODE-Pro platform
- Initial training (remote, group session via WebEx)
- Administrative reporting and mobile field inspection modules
- Unlimited reporting
- Cloud hosting and storage

## **Health Department Requirements\***

1. Participation in one end user focus group and feedback session on FOODCODE-Pro platform.
2. Participation in one roundtable discussion on trends and techniques in retail food safety inspections.
3. The hardware necessary to implement program (computer and iPads/iPhones).
